2.1.4 Challenges:

We still face a challenge to turn around perception about the fellowship. We are still being misunderstood as a female activists group that appeals to mostly female Rotarians and thus making it harder to attract the minority Rose Segments including Blue Roses, Pink Roses and Yellow and Orange Roses.

2.1.5 Recommendations

PR efforts in the coming year should be around awareness of the fellowship on social media emphasizing more on Diversity, Inclusiveness and Equity and highlighting the opportunities for involvement in the fellowship.

2.2 MEMBERSHIP

The role of the membership committee is to develop and implement an action plan for membership attraction, engagement and development.

2.2.1 Membership Growth and attraction

RFEW membership as at July 31st 2021 was at 142 members of which 62 were fully paid up. The status as at 31st July 2022 was at 223 Roses against a target of 200 of which 127 are fully paid up.

<ul style="list-style-type: none"> □ Blue Roses (Male) = 17 □ Orange Roses (Inner wheel) = 8 □ Pink Roses (Female Rotaractors) = 32 □ White Roses (Female Rotarians) = 156 □ Yellow Roses = 10 □ Rose Consulates = 6 <p>Total Membership = 223 Paid Up members= 127</p>

The strategies employed to attract members was through invitation, providing a platform for Roses to give talks in clubs about the fellowship both locally and internationally, circulation of informational brochures about our programs and

service projects on our media platforms as well as actively participating in country and district events as well as RFEW Programs.

Currently our membership is mostly African Centric Majority of Uganda, majority of which are White Roses and based in Uganda. We are also diverse in age, gender, ethnicity, religion, professions and social backgrounds.

2.2.2 Membership Engagement and Retention:

The activities to engage our membership are all drawn from the 5 years’ strategic plan. These include Community service projects, celebrations of achievements, Mentorship and leadership programs provided through partnerships, and motivational talk, in fellowships. Upon joining the fellowship, members are placed on committees based on their interests and expertise. Some of the activities to engage and retain our membership included

- a) Development of a 5- years strategic plan by the RFEW Executive team highlighting the programs of the fellowship. The planning retreat was facilitated by BR Samuel Ngambwaki.
- b) Master Classes that were facilitated virtually by our own Roses.
- c) Mentorship/ Apprentice program for the Youth with our Partner HLB Jim Roberts.
- d) The Roses Spotlight, informational newsletter communicated activities and monthly updates.
- e) Participation in RFEW Programs- Service projects, Fellowships

2.2.3 Leadership Development

This is an area we have excelled in this year. Last year we had many Roses taking on leadership at their workplaces and in Rotary as Change Maker Presidents, Assistant Governors and District Officials and they did exceptionally well during their term of office. Both District 9213 and 9214 celebrated White Roses Anne Nkutu and Agnes Batengas as District Governor Nominees (DGN) who. will be leading their Districts in 2024/25 This Rotary year we have several Roses serving as Amazing and Visionary Presidents and District officials. We encourage our Roses to position themselves for leadership roles and take on responsibility and also give them our full support to shine as we *blossom together*.

Roses welcoming home DGN D9213 Anne Nkutu Both DGNS Anne and Agnes will serve as District Governors in 2024

2.2.4 Challenges

- a) The challenge still persists in attracting other Roses Segments. We need to attract more in every Roses segments especially Rotaractors, Non Rotarians and Blue Roses (Male Rotarians)
- b) Membership engagement was challenging given the pandemic and the locked economy. most families and businesses were affected.
- c) Many Roses had financial and health challenges. While some recovered, we lost some including our Blue Rose the Late Kahungu Tibayeita (RC Mbarara East Consulate) who passed away in March 2022 due to health challenges. Many Roses suffered deaths in their families. We condoled with the bereaved families by sending a wreath, condolence message and a few Roses representing at the ceremonies when available.
- d) Engaging members through the committees has not been very fruitful as only a few members participate. Some of the committees though were functional while others remained inactive.
- e) Covid -19 disrupted most of our engagements to retain membership as most activities were not completed. The activities we were unable to carry out included masterclasses, vocational tours, job/business expo and the end of year/annual celebrations.

2.2.5 Recommendations

- a) We recommend all activities that were skipped to be carried over in the coming year.
- b) Appoint a welfare Officer in charge of members' welfare and grievances with a specific role to mobilise Roses and reach out to the bereaved families more on a personal level and by sharing condolence messages, wreath and any support.
- c) Our recommendation is to encourage membership engagement through the Rose Consulates, given the growing numbers in addition to encouraging participation of the members in the committees.

2.3 ROSE CONSULATES

The responsibility of Rose Consulates is to grow our footprint both locally and regionally. To achieve the goal of enhancing our visibility and extension of membership, the consulates are represented in different countries and Rotary districts. Consulates should have at least a group membership of 10 Roses.

The year begun with the launch of 4 consulates including: RC Kampala Ssesse Islands, RC Kampala Naalya, RC Sunrise Kampala and RC Sonde Roses. At the close of the year we added 4 Consulates- RC Mbarara East, RC Kampala Nsambya, Muyenga and Mukono Roses. In formation is a Consulate in Tanzania and Nigeria D9142.

2.3.1 Challenges:

- a) We were unable to achieve our goal of meeting quarterly as consulates to share experiences and ideas.
- b) Failure to grow consulates internationally and out of Uganda.

2.3.2 Recommendations:

- a) In the coming we hope to form and grow Roses consulates to support membership engagements
- b) Follow up on consulates in formation and inactive consulates.
- c) Revamp Quarterly Consulates meetings/Outings.

With the lifting of the lockdown in January 2022, members remained cautious of public events and also became more involved in catching up with other areas of their lives that had been on hold for almost two years. Although we faced a challenge of implementing our calendar as planned, we managed though to complete the year on a quiet note and look forward to blossoming together in the coming year with more physical engagements.

2.5 PARTNERSHIPS AND FUNDRAISING

Due to limited movement and engagement of communities in the lockdown, we connected with a few partners to implement the physical engagements as carried out in our programs.

- a) Wakisa Ministries-empowering teenage mothers with life skills and Child health Development.
- b) HLB Jim Roberts- Empowering our Youth through providing Mentorship and Apprenticeship support to our youth
- c) Gift Connect and Space- Sponsoring the teenage mother’s seminar.
- d) National Council for Women donated Farming Implements to Kasambya Women’s Group empowerment project.
- e) PR Committee organized a Meet and Greet event for Roses and proceeds went towards the Kasangati Community skilling project.

However, we applaud the consulates that have sought partners to support their own projects. We recommend more fundraising activities initiated together with the Programs and Publicity Committees and also revive efforts to identify a partner for our Pad Production project,
